

# Count Bernadotte, UN Mediator, Shot Dead In Jerusalem

Amman, Trans-Jordan, Sept. 17. (AP)—The United Nations staff here announced today Count Folke Bernadotte and a French colonel were shot and killed on the Jewish side of Jerusalem today.

Count Bernadotte, the United Nations mediator for Palestine, and the Frenchman "were killed in the Jewish sector this afternoon by men in Jewish army uniforms," said a telephoned message from Commander Seymour at the American school in Jerusalem.

Bernadotte twice succeeded in bringing about a truce in the war for Palestine between Jews and Arabs.

The truces have been fitful, punctuated by shelling and fighting. Both sides appeared to expect the present truce, now two months old, to run out at almost any moment.

Bernadotte was head of the Swedish Red Cross and the husband of the former Estelle Man-

COUNT BERNADOTTE

ville of New York. He was 53. The killing was reported to have occurred at 5 p. m. Jerusalem time.

Bernadotte had been shuttling for months between the Arab and Israeli capitals in his efforts to bring peace and enforce the truce. He was scheduled to report to the United Nations in Paris next week.

The telephoned message identified the Frenchman as Colonel Serot of the United Nations staff. Count Bernadotte visited Damascus, capital of Syria, yesterday.

While in that city he told newspapermen that both Arabs and Jews in Jerusalem were "trigger happy."

He explained that frequent shooting broke out in the city without either side knowing what it was shooting at.

"It's like this," he said. "They shoot into the dark at night. They snipe by daylight. Excuse me, but it is a most idiotic thing."

Secretary Marshall said "It is a shocking and tragic thing" when he was informed of Bernadotte's death.

American authorities immediately expressed fear the slaying of the United Nations mediator might greatly jeopardize peace efforts in the Holy Land and lead to new violence between Arabs and Jews.

## Air Jammed With Planes Over Berlin

Aerial Traffic Juggling Real Safety Feat

By DONALD DOANE

Frankfurt, Germany, Sept. 17. (AP)—The air between western Germany and Berlin is so full of planes these days it takes a feat of aerial juggling to keep them from hitting each other.

There is a plane load of food or fuel landing in the blockaded, divided city every couple of minutes—day and night, rain or shine.

The task of keeping these aircraft safely apart is one that makes the job of a train dispatcher look simple by comparison.

The hazards are obvious. Yet so far, after 81 days of supplying Berlin's western sections by air—"operation Vittles"—has cost only one aerial collision and two other fatal accidents.

This record was achieved only by careful planning and close cooperation between the British and American Airforces.

Together they have worked out a complicated aerial traffic plan in which more than 600 big, heavily loaded planes are brought safely into two Berlin airports every day.

Corridors Laid Out

Since the Russians cut Berlin's land and water supply routes from the west last June, British and American planes have flown in more than 200,000 tons of supplies to Berlin in more than 41,000 flights.

The Americans have 182 plants and the British more than 100 planes in the "vittles" operation, and there are often nearly 100 of them in the air simultaneously.

All this traffic moves over the Russian zone along three aerial highways, called corridors. Two of these lanes lead into Berlin. The other takes the empty planes back to western Germany.

This keeps all traffic moving in the same direction in each of the aerial corridors and thus cuts down the danger of collision.

But the solution of this gigantic puzzle is not so simple as that. Each corridor is further divided into several traffic lanes—each lane at a different altitude.

In these lanes the traffic is staggered so as to provide the greatest possible distance between all planes. The craft are so spaced that they not only fly at least 15 minutes apart in each altitude level but at least three minutes in front or behind the nearest plane at any level.

## Sailors Saved, Kiss Rescue Ship's Deck

Famed Cutter Bibb Picks Up 40 In Atlantic

New York, Sept. 17. (AP)—Saved from a crippled schooner in the hurricane-ravaged North Atlantic, Portuguese sailors threw themselves prone and kissed the deck of the famed Coast Guard rescue cutter Bibb.

The Bibb—which accomplished one of two dramatic ship rescues yesterday in which 79 men in all were saved—radioed early today the details of how she picked up 40 men from the Portuguese fishing schooner Gaspar.

About 390 miles away, two merchant ships rescued 39 men from the sinking British freighter Leicester.

Seven men from the two stricken ships were believed lost.

The Bibb, under another skipper, rescued all 69 persons aboard the Bermuda Sky Queen when the huge flying boat was forced down on the stormy Atlantic more than 800 miles east of Newfoundland last Oct. 14.

The Leicester was a rich prize and, under Maritime law, could be taken by any company whose men boarded her. Several vessels started a race toward her through high seas, Halifax, Nova Scotia, shipping sources said.

## Houghton Newcomer To Oppose Bennett On November Ballot

Marquette, Mich., Sept. 17. (AP)—Final returns in the 12th Congressional district today put Gene Saari, Houghton newcomer to politics against the Republican incumbent, John B. Bennett.

Saari defeated his Democratic rival, John Sabol of Ironwood, by a margin of 6,375 to 6,109. Sabol is prominent in CIO United Steel Worker Union activities in the area.

Early returns had given Sabol a slight lead over Saari.

Bennett won re-election on the GOP ticket by piling up a better than 7,000 vote majority over Emil Hurja, former aid to Democratic party leader James Farley.

**HURRICANE BLOWS OUT**  
New York, Sept. 17. (AP)—The North Atlantic hurricane, which plagued shipping and buffeted Bermuda, has blown itself out and now is only a normally severe storm south of Iceland.

The weather bureau reported early today the storm there was continuing to move northeastward.

## Plowing Contests In Iowa To Draw Crowd For Truman

Dexter, Ia., Sept. 17. (AP)—The best rural drawing card since the days of the national cornhusking contests will mark the occasion of President Truman's opening western campaign speech in this small central Iowa community tomorrow.

It's the National Plowing meet for which thousands of midwesterners turn out annually to see the cornbelt's champion plowmen display their artistry.

The President's presence will be an added fillip to an event which in past years has drawn 50,000 persons in its own right. State Democratic Chairman Jake More, with his fingers crossed for a break on the weather, predicted today that from 75,000 to 100,000 persons would attend this year's contest at the Mrs. Lois Agg farm near here.

More's anxiety over the weather, however, was no more acute than that of the eight women who are preparing a farm dinner of country fried chicken for the President, Mrs. Truman and daughter Margaret.

The dinner will be cooked in the house on the Agg farm and served when Mr. Truman completes the major campaign address scheduled for 1:05 p. m. (EST).

## Communists Stir Up Strikes In France

Paris, Sept. 17. (AP)—About 90 per cent of 35,000 workers at the Renault automobile factory returned to their jobs today after a two-day strike.

In the metal industries, where 300,000 to 400,000 workers staged a demonstration yesterday, shops were in operation again today.

However, dock workers in Brest and Sete, near Marseille, quit work last night and today.

As the series of Communist-led strikes was nothing an additional strain upon France's disturbed economy, the fate of Premier Henri Oueuille's new cabinet rested with 42 members of the national assembly.

The committee, representing all French parties, was expected to start voting today on Oueuille's plan for raising 80,000,000 francs (\$280,000,000) in new revenue by additional direct and indirect taxes. An adverse committee vote likely would cause the downfall of the six-day-old coalition government.

Police issued warrants for the arrest of 23 persons involved in a pitched battle Wednesday between police and strikers from nationally-owned aviation plants. Police estimated 4,500 strikers and 2,000 police took part in a street fight that lasted about four hours.

## Nizam Tells Razakars To Cease Fire

Fate Of Princely State Hangs In Balance

(By The Associated Press)

New Delhi, Sept. 17.—The Hyderabad Government radio broadcast today that the princely state has yielded in its 100-hour war with the Dominion of India.

The Muzam Nizam, ruler of the state, ordered a cease fire effective at 5 p. m. (6:30 a. m., EST) and accepted the resignation of his government. He informed India he will form a new government tomorrow.

Mir Laik Ali, the Nizam's premier, announced this in the Hyderabad broadcast. The broadcast was in the Urdu language and in English. It was picked up by the Indian government radio at Nagpur. The government awaited a full text before reaching a decision, a spokesman said.

**Invaders Near Capital**  
Indian troops invaded Hyderabad at 4 a. m. Monday with the avowed aim of restoring order.

The Nizam, Gen. Sir Mir Osman Ali Khan, is the Moslem ruler of the predominantly Hindu state of 16,000,000 population.

(Informed sources in Karachi, Pakistan, said Indian troops today reached the outskirts of Secunderabad, Military cantonment six miles from Hyderabad city, the capital.)

The troops were closing in upon the heart of Hyderabad, which is surrounded by Indian territory, when the report of the end came.

(A dispatch from Madras said the Nizam had surrendered to the Dominion of India.)

Domestic troops early today were near Bidar, stronghold of the Razakars, general headquarters announced.

## Freight Sheds Burn At Windsor, Ontario

Riverfront Fire Damage Estimated At \$200,000

Windsor, Ont., Sept. 17. (AP)—A spectacular riverfront fire late yesterday swept a railroad freight shed and destroyed an estimated \$200,000 worth of electrical equipment and newsprint.

The blaze sent up huge clouds of black smoke that rolled across the river to the Detroit side.

First reports indicated the fire started on the outside of a long, one-story shed on Caron Avenue and shot through the row of warehouses, damaging several freight cars on a siding near the sheds.

A Detroit fireboat, the John Kendall, moved in to fight the flames and its heavy water streams beat down the fire as a locomotive moved a string of eight freight cars away from the blaze.

However, three freight cars loaded with canned goods were badly burned.

The first alarm was sounded by youngsters playing near the waterfront and officials said no workmen were in the building when the fire started.

The damage was estimated by fire officials and the Canadian Pacific Railway, owners of the warehouses.

The Windsor Star reported a \$200,000 loss when its 200-ton reserve supply of newsprint went up in smoke.

Electrical equipment stored in the shed by the General Electric Company was destroyed.

## Movie Star Shows Signs Of Coming Out Of Her Coma

Hollywood, Sept. 17. (AP)—Actress Rita Johnson, after 10 days shows signs of coming out of her coma.

Dr. Lee Siegel said the actress was able to hear his words yesterday and attempted to respond when he asked her to raise her hand.

She was unable to talk, however, and her condition remained critical. Miss Johnson suffered severe brain injuries when struck Sept. 8 in her apartment, apparently by a heavy hair drier.

## MarArthur Denies Curbing Democracy In Jap Labor Ranks

Reds Told To Practice What They Preach

By TONY LAMBERT

Tokyo, Sept. 17. (AP)—Gen. Douglas MacArthur today brushed off as "baseless" Russian charges that he was hampering democracy and labor unions in Japan.

In a formal statement answering the charges in Washington of Soviet Ambassador Paryushkin, the Allied commander told the Russians to practice what they preach.

Said MacArthur: "There is an old oriental proverb equally understood by the West as well as by the East which says there can be no greater hypocrisy than to fail to practice what you preach."

The supreme Allied commander further told Japanese labor that its greatest danger "lies in its absorption and ultimate destruction by Communists who seek to exploit it to spread disorder, anarchy and revolution."

"... were the concept of Communism to prevail here, Japanese labor would be the first to feel its completely totalitarian suppression and control and the trade union movement would perish to be replaced by the oligarchic control of a handful of self appointed masters," he continued.

"Communism, he said, is making very little headway in Japan" despite frantic Communist efforts to achieve the contrary. Japan continues calm, stable and well ordered," he said.

## Quotas Announced In Peacetime Draft

First Group Reports At Escanaba Oct. 5

Lansing, Sept. 17. (AP)—The state select service headquarters today announced the county quotas which will send 2,625 men to seven examining stations in Michigan during October in preparation for the first peacetime draft.

The pre-induction call is for seven times as many men as are needed in the first draft quota from Michigan, but the headquarters had explained it wished to build up a pool of available men for later calls. The state's first draft call is for 347 men.

The calls by Upper Peninsula stations:

Oct. 5—Alger board 2, 5 men; Oct. 6—Schoolcraft board 31, 5 men; Oct. 7—Iron board 37, 10 men; Oct. 12—Menominee board 57, 10 men; Oct. 13—Dickinson board 22, 15 men; Oct. 14—Delta board 21, 15 men; Oct. 19—Marquette board 54, 25 men.

To Hancock station:

Oct. 5—Keweenaw board 44, 5 men; Oct. 6—Baraga board 7, 5 men; Oct. 7—Houghton board 32, 10 men; Oct. 12—Ontonagon board 70, 5 men; Oct. 13—Gogebic board 28, 15 men.

## Stevadores Handle Army Ship Cargoes

Union Dispute On Coast Still Deadlocked.

San Francisco, Sept. 17. (AP)—Stevadores hired by the army despite union pickets were loading two army transports today, but a private firm was considering taking over the military cargo job with union labor in struck Pacific coast ports.

The firm, Griffiths and Sprague in Seattle, said it was willing to handle all army cargoes from Seattle but was undecided whether to tackle the job in San Francisco and Los Angeles. It said the army had asked it to bid on those jobs, too. Unlike members of the Waterfront Employers Association, Griffiths and Sprague has signed a contract with the CIO Longshoremen.

WEA members have refused to handle army cargo so long as it means dealing with the CIO Longshore Union, whose chiefs have not signed non-Communist affidavits under the Taft-Hartley law.

CIO National President Philip Murray urged army secretary Royall in Washington yesterday to use such firms as Griffiths and Sprague, rather than hire its own stevedores outside the union.

Murray, in a letter to the secretary, also urged "appropriate measures" to compel all steamship companies to observe their contracts to move army cargoes.

## Tokyo Typhoon Kills Hundreds

Tokyo, Sept. 17. (AP)—Between 800 and 2,000 Japanese were killed, injured or missing in flooded Ichinoseki City 60 miles north of Sendai, Japanese and occupation authorities said today.

A Kyodo news agency report from a technician to his prefectural office at Morioka in Iwate prefecture placed the number of dead at 2,000.

Allied headquarters, however, said reports from army units at Sendai listed 800 dead or missing.

Kyodo said two feet of rain deluged the city in a typhoon last night. Some 500 homes in Ichinoseki were washed away and 1,600 were flooded, the news agency reported.

The swollen Iwai river burst through its dikes near Ichinoseki and poured through the city of 35,000 population.

Reports were that the rain in the northern Honshu city had stopped but that some fires had broken out later.

News reports added at least eight more dead and 24 missing in the 10 prefectures struck by the moderate typhoon. Tokyo officials said five were dead or missing here and more than 4,000 homes were flooded or partially flooded by the heavy rain that preceded the storm.

Fears that the ripening rice crop had been hard hit by the storm abated with a report from the agricultural ministry that the crop had not been greatly damaged.

Many Honshu Island rivers were swollen by the deluge. Residents of Toride, 15 miles northwest of Tokyo, were ordered out of their homes tonight as the rampaging Tone river began sweeping through its dikes and into the streets.

Eighth Army Headquarters in Yokohama said three landslides were blocking the road to the Allied rest hotels in Miyazoshita and Gora, where some 250 Americans were stranded but in no danger.

**Gov. Warren Speaks For National Unity**

Cross-Country Campaign Launched In Utah

By BARNEY LIVINGSTONE  
En Route with Warren to Pueblo, Colo., Sept. 17. (AP)—The blueprint for an election campaign geared to the "essential" preservation of national unity in a world "beset by fear" was laid before Republican voters today by Gov. Earl Warren, GOP vice presidential candidate.

It was the highlight of a campaign-opening speech at Salt Lake City last night before a Republican audience comfortably filling the auditorium of South high school.

Warren gave his audience little of old fashioned campaign oratory to cheer about.

For the most part, it was a grave presentation of American political tradition and its potential in current world affairs.

He said the "main question" of 1948 was whether the Democratic administration was "displaying the unity, the competence and the leadership to warrant extending its tenure to 20 years."

Speaking over a national radio hookup, the nominee set the tone of his projected coast-to-coast tour with the politically unorthodox admission that "good Americans are to be found in both parties."

No party, Warren declared gravely, "has a patent on progress, a copyright on governmental principles, or a proprietary interest in the advances made in former days."

Under the traditional American two-party system, he said, America has achieved vigor and national unity.

Both must be maintained, he declared, in a time when "there is apprehension in every American home."

# Council Considers New Water Extension Policy

Upon the request of Arvid Magnuson, 125 South 24th street, for extension of city water service to his home on "acreage ground", the city council at its meeting last night discussed the possibility of a new policy regarding such extension to residences in outlying districts and authorized the city engineer to make a thorough study of the problem.

It was the consensus of the council that installation of piping to provide water to homes in unimproved property should be on a share-expense basis because of the fact that provision of such service increases the value of property a great extent.

Magnuson was informed that the city engineer and council would make a thorough study of

# Railway Workers Get Sick Benefits

Approximately 13,358 railroad workers in Michigan were paid \$515,529.00 in sickness benefits under the Railroad Unemployment Insurance Act during the year which ended June 30, 1948, according to R. E. Wirsching, District Manager of the Railroad Retirement Board, Milwaukee. Mr. Wirsching pointed out that June 30 marked the end of the first year of this sickness benefit program for railroad workers.

The majority of the beneficiaries, Mr. Wirsching said, were in the older age brackets, most of them being over 45. Furthermore, they generally had longer railroad service, with the result that their yearly wages were high enough to permit them to receive sickness benefits at one of the two top daily benefit rates of \$4.50 and \$5.00.

In order to qualify for sickness benefits in the current year, Mr. Wirsching explained, an employee must have earned at least \$150 in railroad employment during 1947. Also, he must submit an application, together with a statement of sickness signed by his doctor, to an office of the Railroad Retirement Board within 10 days of the first day he wishes to claim as a day of sickness. If the application is not received within the 10-day limit specified by law, the employee may lose one or more days' benefits. To meet this time limit Mr. Wirsching advises railroad employees who become sick or injured to mail their applications not later than the 7th day.

# Three Are Eligible For Prison Warden

Marquette — Names of three men eligible for appointment by transfer for the position of Marquette prison warden were disclosed by Governor Kim Sigler at a meeting in the Hotel Northland on Monday. Approximately 35 "representative" Upper Peninsula residents were present.

Those eligible for the warden's post are Emery E. Jacques, acting warden since resignation last May of Gerald F. Bush; Garret Heyns, former corrections commissioner, and A. Ross Pascoe, all members of the parole board, Jacques and Pascoe are natives of Marquette county.

Selection of the warden will be made "in the near future," according to Joseph W. Sanford, corrections commissioner, who explained the workings of penal institutions and what he termed was a "corrupt state of affairs" when he took over his post in February.

# FISH DIVISION CHANGES MADE

## James Scully Appointed Regional Supervisor

Marquette, Mich.—Promotions and transfers of personnel in the regional fisheries division of the Michigan department of conservation were announced by James Scully, who himself only recently was promoted from superintendent of the Thompson state fish hatchery to regional supervisor, with headquarters in Marquette.

Here are the personnel changes announced by Scully:

Clifford Long, clerk at the Marquette fish hatchery, has been promoted to hatchery superintendent at Thompson. He already has moved with his family to Thompson and has taken over supervision of the hatchery.

Martin Miller, fish culturist at the Marquette hatchery, promoted to foreman at the Thompson hatchery.

John Larson, clerk at Thompson, transferred to the Marquette hatchery as foreman-clerk.

Russell Robertson promoted from foreman to superintendent at the Marquette hatchery.

Ted Monti, Watersmeet, promoted to hatchery superintendent there, a position formerly held by Florin Warren.

District fisheries supervisor positions at Crystal Falls, Escanaba and Newberry will be taken over by Warren, Stanley Lieverse and Leland Anderson, respectively, on Oct. 1.

## PRO BASEBALL ODD BUSINESS

Managers Of Top Clubs  
May Get Ax

BY ROBERT C. RUARK  
New York—You are seeing a reasonably rare thing in the American league today—two managers of two driving pennant contenders, the Yankees and Indians, being freely discussed as ripe for the ax.

The Indians' Mr. Lou Boudreau, now hitting some .360, and scouring his tribe along with a knout, was frankly on the bargain board last spring, and would have been traded then, but for a popular revolt among the Cleveland fans. They scowled at the idea of losing the best infielder in the league, and said so rather forcefully. If Mr. Boudreau's organization gets pinched out of the big money, he will doubtless be striving in a place where "the lake breeze howls less loudly next year."

The papers have been full of talk of firing Bucky Harris of the Yankees, conjecture which seems more than half substantiated by the assorted owners. Mr. Harris' sin, so far as I can make out, is that he won the big casino last year, during his first managerial season, with a bunch of old crocks and young probabilities. This year, with the same old dogmatism and some more adolescent maybes, he has stuck up there, or thereabouts, and is still a fairly even bet to finish no worse than first. That would represent perfection, but it's a sin for which a man can be fired, in this new baseball business run by bizarre characters and cafe society types.

**Too Nice A Guy**  
I have known Mr. Harris for something like a dozen years, and for a time reported his misgrace as he steered the mangiest bunch of ballplayers in the business, the Washington Senators. Mr. Harris has a great talent which simultaneously works him ill. He is much too nice a guy to be in the racket. That's to say he is kind, polite, voluble, cultured, honest, reliable and optimistic.

These traits make Stanley Harris the best personnel man in baseball, or at least they make him as good as the best. He can, by exercising trust and decency, milk superhuman effort from so-so guys, old pappy guys, raw young squirts, and even competent professionals, and even competent professionals. Last year on an unsuspected windfall of George McQuinn's hitting and Joe Page's pinch-pitching, during a season in which Joe DiMaggio was half-sick all the time and Charlie Keller was in and out with assorted miseries.

McQuinn, an age-corroded first baseman, had been set free by the then abysmal athletics as finished, done, kapoot. His hitting over the first three-quarters of the season kept the floundering Yankees afloat. Page, a chronic funster, with a great disrespect for bed so long as another chorus of "Sweet Adeline" remained to be sung, was the money in the late-inning throwing crises of both season and series.

**Hates to Hurt Feelings**  
But, as I say, the sweetness of Mr. Harris' personality breeds the virus for his current criticism. When Mr. Harris is high on a man that man is a good ballplayer. He is a good pitcher if they are driving tee-shots through his ears; he is a good batter if he is taking strike three, called, and he is a good fielder if the opposition is raising knots on his skull with

misplaced soft chances. If Mr. Harris likes him, he stays in there. This benevolent streak makes it difficult for Bucky to withdraw, or jerk, a thrower who has just yielded six straight hits. It influences his decision on whether to leave the fellow hit or replace him with a lustier swinger. Mr. Harris has been known to blow ball games out of a desire not to injure the feelings of the men in whom he has faith. But he has also been known to win tight ones with hyperthyroid efforts from mediocrities, who were attempting to pay back trust. He has made more silk purses out of sow's ears than any manager I know.

It must be remembered that no radar beam from any manager can adequately substitute for pitching skill. Mr. Harris' pitching this year, has largely been of the category best described as bloody awful. This inspires a reasonable managerial doubt as to whether one bum will be better than the next bum.

In computing Mr. Harris' actual status as a manager, his employers have a neat problem on their hands. Can you fire a guy for the same quality which makes him simultaneously a genius and a flop?

## Power Line On Wheels Displayed At Meeting Here

A van-mounted power distribution system that demonstrates the functions of an actual power line—even to the point of hurling artificial lightning bolts at it—was displayed here Thursday by engineers of the Westinghouse Electric Corporation.

About 35 representatives of power companies from various communities of the Upper Peninsula attended the demonstration, which was held in the exhibition building at the state fairsgrounds.

Conducting the local demonstration were L. W. Markle and W. A. Speer, Westinghouse engineers of Pittsburgh, Pa.

A complete array of electrical distribution equipment was demonstrated under actual working conditions and then numerous man-made handicaps were added. Simulated lightning bolts of 100,000 volts intensity were hurled into the apparatus to show what happens when lightning strikes a power line.

The mobile power plant included all the electrical apparatus needed to operate and protect a power line serving a 35-mile radius. Each phase of the demonstration was controlled by push-buttons from a small desk a few feet from the motor van. Lightning arresters, line reclosures and power fuses were operated under conditions of "fault" currents to show how latest equipment operates automatically to keep power lines in service during storms and under similar conditions.

## 15 MEN WILL BE EXAMINED Pre-Induction Physicals Set For October

The Delta county draft board will probably send 15 men for pre-induction examination in October but only a few of those men will actually be called for induction in November, the local board indicated this morning.

The tentative pre-induction call for the local board has been fixed at 15 but the Delta board has not yet received the actual call for the month.

Details regarding the pre-induction have not yet been received by the local board but the state selective service headquarters announced recently that induction centers will be established at Escanaba and Hancock in the Upper Peninsula.

The final day of registration will be Saturday, when the last of the 18 year olds will sign up. The local board emphasized that only young men who were born before Sept. 19, 1930 should register now and that men born after that date should register on their birthday.

The first induction will be drawn from the list of men in the oldest eligible age groups, men 25 and younger. Veterans and married men will be exempt.

**MSC HOCKEY COACH**  
East Lansing, Sept. 17 (AP)—Michigan State college, which plans to build a rink and return to intercollegiate hockey next year, named a hockey coach today. He is Harold W. Paulsen, who graduated from the University of Minnesota in 1941 where he was a three-letter hockey winner.

## Schools Receive \$142,696 Primary Money From State

Delta county school districts will receive \$142,696.08 in the first payment of primary school interest fund money in a distribution now being made from the office of the county treasurer, it was announced today.

The payment is made at the rate of \$14.44 per school child as reported in the 1947 census. Some districts will receive comparatively smaller amounts because they have requested and been paid advances from the primary fund.

The distribution to the districts is as follows:

Townships—Baldwin \$3,754.40; Bark River \$11,465.36; Brantport \$2,079.36; Cornell \$2,281.52; Escanaba \$4,750.76; Fairbanks \$2,267.08; Ford River \$3,739.96; Garden \$3,465.60; Maple Ridge \$8,360.76; Nahma \$5,631.60; Rapid River \$9,418.52; Wells \$10,411.24. Cities—Escanaba \$56,705.88; Gladstone \$19,364.04.

## Sgt. Ettenhofer At Iron Mountain

Iron Mountain, Mich.—Staff Sergeant Frank G. Griffith, who served 15 months in the Iron Mountain area Army and Air Force Recruiting office, left yesterday for his home in St. Clairsville, Ohio, where he will stay two weeks before reporting Oct. 1 at the recruiting office in Eau Claire, Wis.

Sgt. Griffith, a classifications expert, will work on selective service classifications in the Eau Claire office, where he will interview young men who registered under the peacetime draft.

Sgt. Griffith was replaced here by Staff Sergeant John Ettenhofer, son of Police Chief and Mrs. Michael Ettenhofer, of Escanaba, who reported this morning to Master Sergeant Lawrence J. Troy.

Sgt. Ettenhofer, who came here from Escanaba to work in the recruiting office, has been in service eight years. Married and the father of two children, he will move his family to Iron Mountain from Escanaba when living quarters are available.

Private, commercial and business schools in the United States totalled 2,100 in 1940.

Analyzing The Primary

POLITICAL ANALYSTS who are studying the results of the primary election in Michigan can come up with practically any answer that they wish. Those with Democratic leanings can point with satisfaction to the heavy outpouring of Democratic votes in Wayne county. The Republican analysts can find similar pleasure in the strong Republican vote outside, at the same time minimizing the importance of the Democratic showing in Wayne county by pointing out that there was a three-way race for the Democratic gubernatorial nomination while Gov. Sigler was unopposed on the Republican ticket.

The comparatively light vote in many areas in contrast to the heavy primary vote in Wayne county also contributes a degree of confusion to complicate the problem of accurately gauging the probable results in November's general election.

One thing, however, seems quite obvious. Organized labor has developed a well greased political machine upon behalf of its candidates. This was indicated particularly in Wayne county when labor focused its support upon G. Mennen Williams, socialist soap heir, for the Democratic nomination for governor.

Williams, who has little to offer in the way of qualifications for the highest political office in the state, won the nomination because of the support he received in Wayne county. That he can not be considered a heavyweight vote-getter against Republican Kim Sigler in the November election is revealed by the lack of any substantial support for Williams outside Wayne county.

The November election, however, will be enlivened by the presidential contest, which did not figure in the primary race, and the effect of the sentiment for the presidential candidates is certain to have a substantial bearing on the other contests in the fall election.

Portents Of GOP Victory

THE REPUBLICAN triumph in Maine's general election this week lends substantiation to the predictions of virtually every political forecaster that Thomas E. Dewey will be elected president of the United States in November.

For the first time in American history, a woman was elected to the U. S. Senate without first being appointed to the Senate. She is Mrs. Margaret Chase Smith, who won the honors as a Republican candidate in Maine this week.

It is not so much Mrs. Chase's victory in Maine nor the victory of Republican candidates for other national, state and local offices that strengthens the predictions of a Dewey victory next fall. Maine has gone Republican occasionally in the past at times when the Democrats won the four - year lease at the White House. In 1936 when Franklin D. Roosevelt was elected to his second term as president, only Maine and Vermont landed in the Republican column. All of the remaining 46 states were for Roosevelt, the Democratic nominee.

Nevertheless, the size of the Republican victory in Maine must certainly be cause for concern among the Democratic bigwigs. Mrs. Chase, for instance, drew 71% of the votes in the senatorial contest. And the voting was heavy, spurred by sharp contests for virtually all offices and two referendums on labor issues.

It may not be true that "As Maine goes, so goes the nation" but the record for many, many years back does reveal that when Maine casts a heavy Republican vote, as it did this week, the Republicans win the presidency in the national election two months later.

Detroit Fair Shows Patronage Drop

TOTAL attendance at the Michigan State Fair in Detroit which closed Sunday showed a drop of approximately one-third from last year's record date. Attendance in 1947 was 910,000 and it was expected that the attendance figure would pass the 1,000,000 mark this year. Actual attendance was 610,000. Naturally, the sizable reduction in attendance was disappointing to its board of managers, even though the Detroit fair was considered a grand success in all other ways.

The experience of the Michigan State Fair this year is not unusual. Attendance at leading fairs throughout the country generally has been down from previous years, mainly because of higher living costs and a proportionate reduction in money that could be used for entertainment purposes.

It was in the light of that experience that the new attendance record established at the Upper Peninsula State Fair in Escanaba this year is all the more remarkable. The 1948 U. P. fair not only drew the largest number of patrons in its history but revenues from virtually every source reached a new high.

The 1947 Michigan State Fair at Detroit showed a profit of \$272,000, but \$218,000 of

this came from racing revenue which was not available this year. It is still uncertain whether the Detroit fair will show a profit this year.

Only a few years ago total receipts at the U. P. Fair were \$17,000. Much of the operation costs of the fair were paid by a state subsidy. This year total receipts were \$58,000. It is true that some of the increase is a result of current inflation and it is also true that the cost of running the fair has increased sharply over the years. The important thing, however, is that even in these days of mounting costs where the state is paying more for everything that it buys and all of the services that it provides, its cost of sponsorship of the Upper Peninsula State Fair at Escanaba has been reduced year by year. This year the only cost to the state was administrative expense alone and an expenditure for capital improvement, the latter of which is offset by a proportionate increase in inventory value of its assets at the fairgrounds.

Congratulations, Eighth Precinct

IN THE municipal election last spring the voting results from the eighth precinct in Escanaba were the last to be reported. The board completed its tally several hours after the other seven precinct boards had completed their chore.

The Daily Press story of the municipal election results at that time made reference to the lateness of the returns from the eighth precinct.

In Tuesday's primary election, the eighth precinct in Escanaba not only was the first of the Escanaba precincts to report, but it was the second in the entire county. Only Ford River township, with a light vote, reported its returns earlier than the Escanaba eighth precinct election board.

And so it is appropriate that at this time we publicly congratulate the eighth precinct board for a speedy job well done.

TAX LIMIT IN DANGER

(Michigan Farmer)  
Shall we keep the 15-mill tax limitation as it now stands in our State Constitution? Or should we so drastically amend it that little protection is left?

That is something the voters of Michigan must decide at the general election this coming Nov. 2 — due to the Michigan Education association's having secured enough signatures to permit submission of their far-reaching proposal.

In their vigorous campaign to secure signatures, the MEA played upon the concern of Michigan citizens over the welfare of their boys and girls. In at least one instance, they apparently failed to present all the facts. Publicity promoting the circulation and signing of petitions analyzed their proposal as follows:

"1. The two-thirds majority will be changed to a majority rather than a two-thirds vote to increase millage.

"2. Permits bonding for school purposes over a period of time, at a lower tax rate each year — 20 years rather than the present five years."

Point one is correctly stated. Their proposal would do exactly that.

Point two seems to be a masterpiece of understatement. It is true that it would permit bonding for school purposes for a longer period of time at a lower rate. But the language of the amendment makes no mention of school purposes or any other specific purposes, such as capital expenditures or debt retirement. It might include spending more money for any purpose whatsoever—even routing operating expenses of any unit of government that voted to raise the millage.

Here's another thing to keep in mind. Extending the period from 5 to 20 years is no guarantee that the annual tax rate would be less than the maximum of 50 mills, or 5 per cent, which is now possible for a 5-year period. While the new proposal multiplies by 4 the number of years during which the tax rate could exceed 15 mills annually, it does not reduce the annual maximum rate of 50 mills.

In brief, the MEA proposal would permit raising the annual tax rate anywhere up to 50 mills for as long a period of 20 years at a time, by a simple majority of the people voting on the question, regardless of whether or not they were property taxpayers—and there is no restriction as to how the new money would be used.

Take My Word For It . . . Frank Colby

TRITE EXPRESSIONS

The word cliché, pronounced: klee-SHAY, means a trite, worn-out, or hackneyed word or expression that has been rendered meaningless by long repetition. Or, as I say in my Handbook, "Hackneyed phrases are mummies of words and expressions, once vital and vigorous, that died of exhaustion."

One of the most timesome clichés to come out of the national political conventions is "smoke-filled room." The reporters, the newscasters, the columnists, the editorialists, and the commentators seemed to go out of their way in order to work the phrase into their writings, apparently on the theory that it gave them an air of being very much on the inside of things politically.

But after you hear and read about smoke-filled rooms a thousand times or more, you begin to long for the solitude of a nice, remote cave where you and the bats may commune and watch the stalagmites grow drop by drop.

Four years from now the "smoke-filled room" business probably will start all over again. I, for one, have my cave picked out, and at the entrance I shall hang a little sign that I pilfered from the Algonquin Hotel, NO NOT DISTURB.

True Science Endangered

BY MARQUIS CHILDS

Washington.—"We cannot drive scientists into our laboratories, but if we tolerate reckless or unfair attacks, we can certainly drive them out." The

Childs

profound truth of those words spoken by President Truman should be pondered by every American. The president was addressing the centennial meeting of the American Association for the Advancement of Science in Washington.

His words go to the root of the matter in this moment of tragic uncertainty. In the immediate past is repeated proof of the truth of his statement. In Nazi Germany and Fascist Italy the scientists were literally driven out of their laboratories.

Many of them sought refuge in this country. It was the knowledge of Albert Einstein, Enrico Fermi, Lise Meitner, Niels Bohr that helped make possible the discovery of atomic fission.

Germany's scientists were herded into what amounted to concentration camps, watched over by gauleiters. It is hardly surprising that German research on the atom did not progress much beyond the theoretical stage.

CAN BE DESTROYED

The wonder is that German science contributed as much as it did to the German war effort. But the base of German science goes a long way back into the past. It goes back to the great tradition of the German universities, when scholars from all over the world went to Heidelberg and Bonn. You do not destroy that kind of foundation overnight.

The important fact for us, however, is that it can be destroyed. The Nazis, once they had come to power, showed how quickly you could squeeze the life out of a free institution. They succeeded in driving the free spirit of inquiry out of the lecture hall and the free spirit of research out of the laboratory.

The question today is whether scientists in this country do feel intimidated and encroached upon. Do they feel that they cannot work for the government without subjecting themselves to suspicion and humiliation? This is no academic question, since the government, through the atomic energy commission and a half dozen other agencies, is supervising research vital to future security.

It seems to me that evidence is growing to show the answer to the question must be yes. The latest piece of evidence is the telegram from which the president quoted in his speech to the scientists. It was signed by eight distinguished men of science, none of them among those publicly harried by the House un-American activities committee.

DISLIKE SUSPICION

Heading the list of signers was Karl T. Compton, president of Massachusetts Institute of Technology. Another signer was Philip Morse, a distinguished atomic physicist.

Until recently Morse was director of the laboratory on Long Island operated by the atomic energy commission. He resigned, stating publicly that the chief reason was that he could not work or get other scientists to work in an atmosphere of smear and suspicion. Morse has gone back to his professorship at M. I. T. convinced that the atomic energy project is definitely being retarded by current attacks on scientists.

The trouble, it seems to me, goes back to the attitude too common when the Army ran the Manhattan project during the war. Scientists got the feeling then and with reason, that they were looked upon as long-haired eccentrics who had to be closely watched lest they give away vital secrets. This was a funny business, so the attitude went, and too bad you had to bother with queer people like scientists.

Some scientists may be more temperamental than ordinary people. But to regard them as long-haired eccentrics, subject to constant surveillance, is to take an attitude that can properly be called Fascist.

Scientists do not want to be singled out for special treatment. They do not want either to be put on a pedestal or to be considered a separate and dangerous class. They spare the feelings of ordinary human beings and some among them, as the Canadian espionage inquiry showed, fell for Communism and the enticement of the Communist conspiracy.

The House un-American activities committee is building up to a public atomic spy inquiry. If that inquiry sideswipes all scientists and science, further harm will be done. After all, only scientists can conduct scientific research.

slogans on the radio, accompanied by a corny musical fanfare — bum-bum-bum-tiddy-ump-pum-pum — I have invented a gadget that makes it impossible for my radio receiving set to assault my ears with the screamingly irritating repetitions.

The gadget has a slightly curved hardwood handle. At the far end is an oblong piece of steel with one very sharp edge. It is, in short, an ax.

It works beautifully.

All writers should be on guard against clichés. Nothing will make one's writing more sophomoric than such phrases as: At long last. An historical. Cries aloud for. Time is of the essence. And I quote. Do everything possible. Take it in stride. Order out of chaos. Solon (for congressman). I can now reveal (a radio commentator's way of saying "I didn't know it either until I read it in today's newspaper"). The \$64 question.

Are "have got" and "have gotten" ever correct? Mr. Colby's leaflet, C-2, explains the constructions in which these phrases may be used correctly. Send 5 cents in coin, and a stamped, self-addressed envelope to him, care of this paper, P. O. Box 99, Station G, New York 19, N. Y.

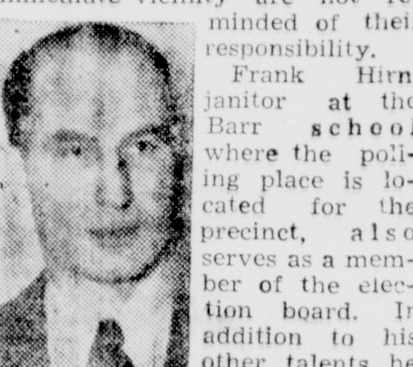

His Regular Quadrennial Emergence

Good Evening

By Clint Dunathan

CALL TO VOTE—If there is a light vote in the Sixth Escanaba precinct on any election day it will not be because electors in the immediate vicinity are not reminded of their responsibility.

Dunathan

Frank Hirn, janitor at the Barr school where the polling place is located for the precinct, also serves as a member of the election board. In addition to his other talents he has a resounding bass voice that can reach the lowest "beware" in "Asleep In The Deep."

One-half hour before the polls close Frank goes out on the schoolhouse steps and chants "Hear ye! Hear ye! The polls for the sixth precinct in the city of Escanaba will close at 8 o'clock!" or words to that general effect.

Some of the heaviest voting of the day at the Barr school polling place occurs between 7:30 and 8 p. m.

YOURS IN HASTE

The housewife in this modern age is offered many shortcuts in cooking. Out of a package can come ready-mixed cakes, biscuits, desserts and other edibles that need only the addition of milk or water before baking.

One Escanaba lady relates that she keeps a package of cake mix on her shelf so that she will never be caught short in the event company should drop in unannounced. It requires only a couple minutes to have a cake in the oven and the guests are always impressed. When a friend dropped in one afternoon this housewife hastily used her package of cake mix and in a short time the two sat down to fresh-baked cake and coffee.

The hostess was startled at the first bite, however, when she found her piece of cake peculiarly tough. Examination disclosed that she had baked into the cake a part of the box top.

THE SLOW-DOWN

Warren S. Holmes, head of a Lansing architectural firm, appeared before the Escanaba board of education Thursday night to present information on his firm's ability to build better school buildings. The present situation makes the construction dollar worth only 30 cents, he said, and pointed out new construction methods designed to cut cost corners.

Much of the increase is due to higher labor costs, he explained. On one school building project in Indiana there was a shortage of bricklayers and the contractor finally was paying \$24 a day with double-pay for Saturdays. Despite this pay of \$168 a week the bricklayers were unable to place more than 300 bricks a day—compared with over double that number in the "good old days."

Holmes cited the incident only to illustrate the need for a new approach to construction methods. A necessity if the school building program is to be accomplished at all.

INTO THE PAST

Ten Years Ago

Gladstone—Miss Dorothy Butler is leaving today for Ypsilanti where she will enroll at Cleary college.

Gladstone—Miss Helen Masterson is leaving tonight for Milwaukee where she will resume her studies at Marquette university.

Escanaba—Mr. and Mrs. Raymond Olson, 203 South 14th street are the parents of a son, born Friday, September 16, at St. Francis hospital.

Escanaba—Miss Mary Alice Dunn, who spent the summer months here at the home of her parents, Mr. and Mrs. Sam Dunn, is leaving Sunday for Kankakee, Ill., to resume her studies at Miss Gallagher's Business college.

Twenty Years Ago

Gladstone — Mrs. Alexander King of Gladstone who submitted to an operation for the removal of gall stones at the St. Francis hospital is resting easily.

Manistique — After a few days visit with friends, Miss Kathleen Gliddon left Saturday morning for the Soo where she will join her father and return to her home in Flint. Miss Gliddon is a former Manistique resident.

Another Escanaba photographer strictly professional, whose pictures have appeared in many national publications is Frank N. Henderson of Escanaba. PROBLEM SOLVED —A young woman who is just learning to knit recalls the problem of a friend, also a knitter and a purl of two neophyte, who took her knitting with her to the theater. They arrived early at the show-house and she took out her knitting—but almost immediately the ball of yarn escaped from her lap and went skittering down the sloping floor between the seats, unwinding as it went.

She was knitting a mitten, and this she left with her husband while she went to retrieve the ball of yarn. She finally located it, found it was a ball of yarn, and she took out her knitting—but almost immediately the ball of yarn escaped from her lap and went skittering down the sloping floor between the seats, unwinding as it went.

For several minutes she wondered what to do. Should she break the yarn? Should she pass the ball under the seats back to the mitten held by her husband? Should she just go back and toss the mitten to the floor and forget the whole thing?

Not knowing that you can break and re-knit yarn without harming the finished product, she finally bawled the half-completed mitten toward her along the floor. Feeling loose yarn she returned to her seat, realizing that therefore she would knit only in the privacy of her own home.

The Washington Merry-Go-Round

BY DREW PEARSON

Washington.—On Aug. 4, 7, 10, and 13, this column published various statements reflecting on Congressman J. Parnell Thomas of New Jersey,

Pearson

It was also reported that the New Jersey congressman had put Myra Midkiff on his payroll for four years though she did not work in his office and during which time she kicked back her salary to him personally. It was also reported that the congressman put a cleaning woman, Arnette Minor, on his payroll for a short time, who also kicked back her salary to him; and that following this, Miss Grace Wilson, aunt of Mrs. Thomas, was put on the Thomas payroll for \$2,500 for two years, until the congressman pressured officials of Bergen county, N. J., into putting his wife's aunt into a county home.

This column now wishes to apologize to Congressman Thomas.

It is deeply regretted that these reports were unfair to him, in that they omitted some of his operations and failed to report all of his amazing capabilities for brazenly feeding at the public trough.

While other members of the un-American activities committee have kept their skirts clean and let no nepotism mar their effectiveness, the chairman of their committee has been just the opposite. Here is more of Thomas's record:

DAUGHTER-IN-LAW ON PAYROLL

Beginning in 1946, Thomas put his daughter-in-law, Lillian Thomas, on his payroll at \$2,000—despite the fact that she lives in Allendale, N. J., and never comes near the office. When Newman Wright of the Passaic Herald News queried Thomas about his daughter-in-law, he claimed that she "carried a heavy load of work." Other members of the Thomas office staff say that she "does nothing." Lillian is still carried on the payroll, however, though at a reduced salary.

In July, 1947, Thomas added a new name to his payroll, Mrs. Jacqueline Voss Hill. Mrs. Hill did a little work for the congressman, but not too much, first, because she was about to have a baby, second, because it became apparent that she was not supposed to work. She was on the payroll so she could kick back part of her generous \$3,000 salary to the congressman.

This became evident later. For when Chairman Thomas went on his junket to Panama last winter and was taken ill, he sent a letter, Feb. 2, 1948, to Miss Vera Halyburton, his secretary, which read in part:

"My protracted stay here will necessitate some quick bookkeeping on your part. I assume from Mrs. T's (Mrs. Thomas) letters to you, that you have placed Jackie's funds in Sis's hands."

"Jackie" was Jacqueline Hill, who was then drawing \$3,000, despite the fact that she spent almost no time at the office.

Simultaneously, Mrs. Thomas wrote from Panama to Miss Halyburton as follows:

"He (the congressman) says to take a couple days off and go to Allendale and get the money from Jackie and give to Sis to pay the household bills. I think the money goes to Jackie the first of the month."

By this time Jackie Hill's salary had been transferred from Congressman Thomas' own payroll to the House un-American activities committee's payroll. She was listed as clerk and typist for the committee and was supposed to help expose un-American activities. How she could do this while living in Allendale, N. J., is difficult to understand.

However, the congressman did not hesitate to use part of the salary paid out by the un-American activities committee for supposedly bona fide employees, to pay his own personal bills.

That is another chapter in the record of the New Jersey congressman who poses as one of the greatest examples of good Americanism in our nation.

Note—It is against the law for any government official to require a government employee to kick back a salary.

LITTLE COMMUNIST

Ben Crosby, assistant chief of the state department's public liaison division, was talking on the phone to a capital newsmen when the loud wails of a baby came over the wire.

"Who's making all the racket?" asked Crosby.

"I'm calling from my home," explained the newsmen. "That's a little Communist we have here."

It was Crosby's turn to yell.

"Don't ever, ever say that word," he warned; "when you're talking to the state department!"

LOBBY "DISCOVERS" CONSTITUTION

The real-estate lobby has not itself in such bad public odor that it is now trying to stave a comeback by capitalizing on Constitution Day.

With some of their organizations under indictment, the high-pressure real-estate boys who violated the spirit of the Constitution by lobbying for their own, rather than the public's interests, have now suddenly discovered the Constitution and wrapped it around them.

For some days, the lobby's propaganda machine has been grinding out patriotic speeches and tributes to the Constitution with the same force that it pulled wires against public housing and slum clearance. This is fine—except that the lobbyists quite candidly admit among themselves that their sudden activity is to divert public attention.

The real-estate boys even hired such big names as Adm. Chester Nimitz, former chief of naval operations, and Gen. "Wild Bill" Donovan, wartime chief of the OSS,

## Scout Camp-o-Ree Scheduled Saturday At Pioneer Trail

About 125 Boy Scouts in 15 troops of the Red Buck district will gather at Pioneer Trail Park Saturday afternoon for the annual district Camp-o-Ree including an overnight camp. The Camp-o-Ree will end Sunday afternoon.

The north side of the park has been reserved for the Boy Scouts for those days and registration of the Scouts will begin at 2 p. m. Saturday, it was announced by Ed Kot, district Scout executive.

Ray Shaw is chairman of the Camp-o-Ree, assisted by Oscar Ohman and James Gribble. Executive Kot is aiding the committee and is in charge of programming.

Principal speaker at the campfire program Saturday night will be Carl Sawyer of Escanaba, who will outline the history of the early-day Pioneer Trail Park area and describe interesting experiences in his own work as a timber cruiser. The campfire program is scheduled at 7 o'clock.

Purpose of the Camp-o-Ree is to provide an opportunity for the Scouts to gain experience operating as a patrol in competing with other patrols. Several contests, including water boiling, axeman-ship, nature observation, tug of war and other events will be conducted.

The Scouts will bring their own supplies and cook their own food for the overnight camp.

Visitors are invited to visit the Camp-o-Ree and observe the Scouting activities.

## A Proclamation

### AIR FORCE DAY

WHEREAS, The President of the United States has proclaimed September 18, 1948, as Air Force Day to honor the air arm of the National Military Establishment; and

WHEREAS, the United States Air Force on September 18, 1948 in the fortieth year of its history as the world's oldest military air organization, became an autonomous Air Force, and is this year observing its first anniversary as an independent organization in the defense structure of our nation; and

WHEREAS, a grateful citizenry, recalling the years of experience, of development, and of service that have produced its present capabilities and efficiency, recognizes the United States Air Force as one of the nation's most far-reaching weapons of defense;

Now, therefore, I, mayor of the city of Escanaba, in order that we may honor the men and women of our Air Force for their contributions to the development of American aviation and to the growth of American air power, often at the sacrifice of their lives, and likewise recognize the service of those who in the armed forces or in the civilian centers of science, research, and production have aided in the building of our air might, do hereby proclaim Saturday, September 18, 1948, as Air Force Day in Escanaba.

I urge all citizens to join in the observance of this, the first anniversary of the United States Air Force, in the forty-first year of American military aviation, with ceremonies appropriately expressing their appreciation of the contribution of American military air power to our present peace and freedom and their faith in American air power as a guarantee of continuing peace and lasting security.

In witness thereof, I hereunto set my hand and cause the seal

## Upper Peninsula Jaycee Meeting Opens Saturday

Escanaba will play host to Paul D. Bagwell, national president of the U. S. Junior Chamber of Commerce tomorrow when he attends the J. C. C. Upper Peninsula Leadership Conference to be held at the Ludington hotel.

Bagwell will be accompanied by other national and state officers and will take an active part in the training conference. In addition, he will be the guest speaker at the banquet to be held at 6:30 on Saturday.

Paul D. Bagwell, is one of the youngest professors at Michigan State College, where he heads the Department of Written and Spoken English. He is also on the executive board of the Speech Association of America and is a member of the editorial board of the Quarterly Journal of Speech.

During this past year, he directed the Executive Sales Personnel Training Program of the Ford Motor company.

With Jaycees 11 Years Bagwell has been a Jaycee for 11 years, first joining the organization in Akron, Ohio in 1937. He transferred to Lansing, Michigan in 1938, where he was elected president. He also served as chairman of committees on membership affairs, youth welfare, leadership training and Boy Scout activities.

After taking office as state vice-president in 1944, he became state chairman of Governmental Affairs, Leadership Training and Youth Welfare activities and in 1945, was elected national director of the United States Junior Chamber of Commerce. In 1946, he was elected president of the Michigan State Junior Chamber. From 1942 to 1946, Bagwell served as director of the Michigan Victory Sneakers Bureau and directed activities of 220 local bureaus with an enrollment of over 5,000 speakers.

His other community activities include membership in the Lansing Rotary Club, Board of Directors of the Ingham County Curative Work Shop and the Lansing Civic Guild. He is also serving on the Executive Committee of Junior Chamber International, the Canadian Junior Chamber and the Mexican Junior Chamber.

## Cloverland Legion Officers Will Be Installed Monday

One of the most interesting programs of the year has been arranged for the officer installation meeting of the Cloverland post, Escanaba American Legion, in the Legion quarters on Ludington street next Monday evening, beginning at 8.

Officers of the post for 1948-49, led by the new commander, C. T. "Chiff" Weir will be installed at the session. In addition to Weir, they are Herman Mielke, first vice commander; John St. Martin, second vice commander; Robert Gagnon, third vice commander; Harold Bruce, Bark River vice commander; C. Elmer Olson, adjutant; Frank Mullaly, finance officer; Archie Wood, chaplain; Karl Dickson, historian; Carl Peterson, sergeant at arms; Gerald J. Cleary, service officer, and James G. Ward, Jr., publicity officer.

Highlighting the entertainment program is the showing of a motion picture of all activities of the Upper Peninsula American Legion convention in Ishpeming last July and a sound motion picture film of the 1947 national convention in New York.

Both are described as excellent films, clear in detail and comprehensive in coverage.

Retiring officers Monday night will be Victor A. Johnson, commander; Vice Commanders Eugene C. Raymond, Matthew R. Lewis, Chester Ward, William Boyle and Ben Johnson; E. L. Moersch, finance officer; Claude Tobin, Jr., historian; Oscar Seguin, sergeant-at-arms, and C. W. Vadnais, publicity officer.

Robert LeMire will introduce the guests, and Harvey Quick, past Fifth zone vice commander, will be the installing officer.

Both convention films will feature the colorful parades, musical programs and the business sessions. The New York film is 33 minutes long, and the Upper Peninsula convention film is nearly one hour long.

## Garden

Mrs. Edward Guertin sr., son Dona, Mrs. Jack Capello, daughter Joan and Miss Rose Martin motored Friday to the old site of Camp 21 on the Nahma Line, the scene of a lumber camp operated 21 years ago by the late Edward Guertin sr. Mrs. Guertin was cook there also at the time.

Mrs. Pauline Capello returned to Detroit Saturday after spending three weeks with her mother, Mrs. Edward Guertin sr.

Edward La Vere of Detroit rented a plane from Escanaba while visiting here and took passengers for rides over Garden.

Mrs. Albert Newman entered the Shaw hospital at Manistique Friday for surgery and underwent an operation Monday morning for removal of the appendix and gallstones. Mr. Newman and family visited here Sunday afternoon and Monday evening.

## Concrete With Added Air Found Good Insulation

Washington—Lightweight concrete, consisting of one-fourth or one-fifth entrapped air, is a good insulator against heat and cold.

A chunk of this low-cement, high-void concrete only one inch thick offers as good insulation against heat or cold as walls of ordinary dense concrete five to eight inches thick, Perry H. Petersen of the National Bureau of Standards here reports.

Lightweight concretes made with burned shale or expanded slag as the sole aggregate were tested at the Bureau for various physical properties. Three grades of each concrete were made: a lean, an intermediate and a rich concrete. An air-entraining agent was used with the portland ce-

ment in all but the richest mixtures. Heat transfer, compressive strength and density all increased with increase in cement content, Mr. Petersen reports. But thermal conductivity was found to be relatively low for even the dense mixtures.

All of the concretes clung to steel reinforcement about as well as ordinary dense aggregate concrete of the same compressive strength. All had excellent resistance to rain penetration.

Hitchcocks On  
Honeymoon After  
Second Ceremony

Daytona Beach, Fla., Sept. 17 (P)—The newly married Hitchcocks—Stephany Saja from the Pennsylvania coal fields and her socialite husband Francis—planned to embark today on a South American honeymoon.

The 39-year-old groom and his 23-year-old bride booked passage on a Pan American World Airways plane leaving Miami this morning (8:30 a. m. EST) for Rio de Janeiro. They were due to reach their destination tomorrow night (8:45 p. m.).

According to Stephany's wish, the balding Hitchcock yesterday exchanged marriage vows a second time with his tall bride, daughter of a Pennsylvania coal miner. The solemn rites were those of the Greek Orthodox church.

Wednesday night, the couple eloped to Folkston—Georgia's "Gretna Green"—where they were wed the first time in a simple civil ceremony before Judge A. S. McQueen.

The Rev. Demosthenes J. Mekras, Greek Orthodox minister from Miami, performed the second ceremony yesterday at the exclusive Kentucky-Florida club a few miles from Deland. The scene was framed with white flowers and ferns.

The bride was in sharp contrast to the night before when she wore slacks and a print blouse. For the second ceremony she was dressed in a white lace gown fitted with an off shoulder Bertha collar, a white tulle veil and a tiara of mother of pearl orange blossoms.

She carried a bouquet of white tube roses and an orchid. After the rites, Hitchcock, who was attired in a white and blue-gray suit with white shirt and dark blue tie, said:

"It was entirely in Greek. I do

not understand Greek. In fact it was all Greek to me."

Stephany said she didn't understand Greek either but the best man, John Kalas of Daytona Beach, who does, said "they are married."

Sister, Maid Of Honor  
The bride's maid of honor was her sister, Nancy Saja of New York City. Col. Arch Wall of Wilbur-by-the-Sea gave the bride away.

The way for the wedding was cleared Tuesday when Circuit Judge C. E. Chillingworth of West Palm Beach granted a divorce decree to Mrs. Marie Grammar Hitchcock, the groom's second wife, on her counter suit.

The possibility of a perjury investigation still hangs over Hitchcock because he obtained a Florida marriage license by saying he was divorced before the suit was ended.

After graduation from high school in her native Windber, Pa., Stephany worked as a secretary in a Wall Street brokerage firm. Hitchcock, a law student at Seton Hall University, expects to be graduated in December.

Annual Sale of  
Forget-Me-Nots  
September 24, 25

"Give a little for those who gave a lot."

This is the theme of the annual sale of the blue forget-me-nots which will be held in Escanaba and Delta county September 24 and 25 under the sponsorship of Escanaba Chapter, No. 24, Disabled American Veterans.

Delor LeBlanc is chairman of arrangements. In Escanaba the flowers of remembrance will be sold by senior and junior high school girls and members of the D. A. V. Auxiliary.

Funds contributed by flower purchasers during the annual drive are used by the D. A. V. chapter for its work among this city's disabled veterans, their families and their dependents, as well as the widows and children of deceased veterans.

Wm. B. Garbett, commander of the D. A. V. chapter, in announcing the forget-me-not sale, said today:

"I want the people of this community to know that when they buy a forget-me-not from one of our volunteer workers they are contributing directly to helping their own neighbors—neighbors who were disabled in defense of our great nation.

"These disabled veterans have sacrificed as much as it is humanly possible to sacrifice and still continue to live. The coins drop-

ped in our forget-me-not boxes are little in themselves, but added to other contributions they go a long way in making life just a little bit easier for our disabled defenders, their dependents, and their widows."

The D. A. V. maintains a free service to all veterans in their efforts to obtain adequate compensation and pension. It assists in the proper presentation of claims for government benefits both for the disabled veteran and his family.

## Mrs. Felicidad Elegado, Manila, At Health Center To Prepare For Study In U. Of Minnesota

By ROSE LACHAPPELLE

Mrs. Felicidad D. Elegado of Manila, Philippine Islands, is currently in orientation training at the Delta County Health Center in the Webster school, prior to matriculating in the University of Minnesota for a year's course of study in public health supervision.

Mrs. Elegado is the mother of four children, all of whom are in Manila with their father. She was selected with 22 other Philippines persons by the U. S. Public Health Service for study in the United States. All appeared before a board of the health service and were sent here on the basis of their scholastic record.

Mrs. Elegado trained in Baguio General hospital located in the summer capital of the islands, and later studied public health in the Philippine state university.

### Served As War Nurse

During World War II, Mrs. Elegado served in the nursing field. Her husband, secretary-treasurer of the Baguio gold mines and secretary-treasurer of the Philippine Chamber of Mines, was a prisoner of the Japanese in the Philippine National prison for two years and eight months. During the time he was prisoner, Mrs. Elegado said in an interview she smuggled foods to him through nurses. Their four children were cared for by their maternal grandmother.

"Filipino people are suffering under a high rate of tuberculosis because of deprivation and malnutrition resulting from the Japanese occupation of the Islands," Mrs. Elegado said.

Deep sadness came over her face as she told of the many atrocities suffered by the Philippine people during the occupation. Not only was there lack of food and shelter, but families were separated and women and children abused and wounded, deliberately.

Mrs. Elegado is living with the C. C. Newell family while she is in Escanaba. She finds the weather

here very cool after the Philippines. She left Manila Aug. 10 on the "President Cleveland" and after spending sometime in Honolulu, arrived in San Francisco Aug. 25. There she was met by mainland Americans, whom she had befriended during the war, sharing food and shelter with them. (When her husband was taken political prisoner of war, he was accused of having aided Americans.)

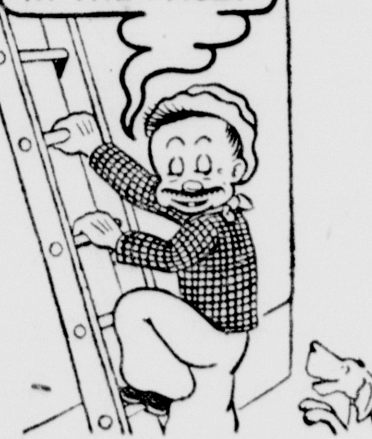

The present population of the Philippines is about 71,000,000, 18,000,000 of whom are of native birth. Religiously, Mrs. Elegado said, the islands are 78 per cent Roman Catholic, 10 per cent Agli Pagan, the native religion of the Philippines, and 12 per cent Protestant.

Maid service, referred to as "helps" in the island, is easy to find, according to Mrs. Elegado, whose home is cared for by two servants. Filipinos eat a great deal of rice, and use it as potatoes or bread.

"Living standards in the Philippines are improving with the standard of the United States as a model. Both education and health service in the islands has been

vastly improved, and more women are now receiving an education than ever before, the attractive nurse stated.

### Long Courtship

"It takes a long time for a man to win a girl in marriage in the Philippines," said Mrs. Elegado. Courtship lasts for as long as four years and the bridegroom is required to have a home, and a dowry for the girl's family. The wife handles all money in the Filipino family.

Mrs. Elegado said she likes the United States even though it is her first visit here and though she is traveling alone. Food here finds favor with her, and she especially likes the amiability and hospitality afforded strangers in American cities and on transportation routes.

After completing her course at the University of Minnesota, Mrs. Elegado will return to the Philippines to engage in public health work and teach other nurses and her patients. While at the University she will live in Sanford.

A sister, Flora Diaz Catausan, attended the University of Chicago for a master of arts degree and a brother, Arsenio E. Diaz attended the University of Washington in Seattle for his bachelor of science degree in education. Both are now working in Manila.

Mrs. Elegado is one of 11 children in the Diaz family.

Harold Overholt, president of the Marquette C-C, will also attend the session.

The meeting will be the first get-together of the membership since June.

## Tax Delinquency Penalty Fee Will Be Imposed Oct. 1

Delta county property owners who have not yet paid their 1946 taxes will avoid the payment of a \$1 fee on each property description if they pay their delinquent taxes before Oct. 1, 1948, it was reported today from the office of

the county treasurer.

There is a total of 929 descriptions delinquent for 1946 taxes in Delta county, representing a cost of \$929 in penalty fees unless the Oct. 1 deadline payment is met.

State statute sets the charge at \$1 as an expense of sale item on all descriptions offered for sale by the state next May. This fee is charged to cover the extra expense incurred in various procedures involved in maintaining the tax records and in preparing the list of lands for sale.

The \$1 expense of sale fee is divided between the county and the state. The 50 cents received by the county goes to the general fund, and the state's share is used to cover some of the expense in publishing the list of lands for sale and in the additional clerical work connected with the sale.

The 929 descriptions listed as tax delinquent are distributed in the county as follows:

Ninety-eight of the descriptions are in Baldwin township, 22 in Bark River, 36 in Bay de Noc, 49 in Brampton, 60 in Cornell, 24 in Ensign, 49 in Escanaba, 27 in Fairbanks, 48 in Ford River, 25 in Garden, 8 in the village of Garden, 89 in Maple Ridge, 67 in Masonville, 25 in Nahma, and 86 in Wells township.

In the city of Escanaba there are 98 descriptions delinquent, and 118 are in Gladstone.

## Briefly Told

**To Be Shown**—A film, "Reaching Down From Heaven," will be shown at the First Baptist church on Sunday evening at 7:30. Rev. W. H. Schober has announced that a free will offering will be taken to defray expenses on the films.

**Notice**—There will be a meeting of LaFolles Women's Bowling league on Monday, September 20 at 7:30 p. m., at LaFolles Bowling alleys. All girls wishing to bowl, please attend. Teams will be formed at this meeting.

**Boost!**—Manistique recently received very favorable boosting in the Aug. 27th issue of Novena Notes, published in Chicago. In the Direct-o-Gram section of the pamphlet, Father Clarence Brissette, O. S. M., editor and Novena director, and a brother of Mrs. E. O. Brault of Manistique, had this to say: "Manistique, Michigan, is just another sleepy, little Northern town in what is called Upper Peninsula. Big city tourists in summer... game hunters in fall and winter have their jokes about small town folk but they never see and understand the heart of the little town. Sure! Everyone knows the other person's business... there is a lot of gossip. There is real honesty to goodness charity that is foreign to apartment dwellers who hardly know the people living across the hall of what they call home."

**Arrowhead Inn.**  
Visiting officers in addition to Mrs. Houghton are the state president, Mrs. A. W. Bruce; Mrs. Joseph Kangery of Ironwood; and Mrs. William Merrill of Detroit. District officers attending the conference were Mrs. F. P. Furlong of Newberry, Mrs. E. J. Oas of Bessemer, Mrs. J. A. King of Calumet, and Mrs. Charles Brennan of Marquette. Mrs. C. S. Tulloch of Traverse city and Mrs. John Waregini of Detroit, state chairmen, also were here for the convention.

## C. OF C. PLANS POTATO TOUR

### Committee Of Three Is Picked

The Manistique Schoolcraft Chamber of Commerce, at a meeting held in the Tourist Information center, decided to sponsor a potato tour and grub fest again this year.

Several members of the Chamber of Commerce board of directors last night recalled the success of the first potato tour held last year, and emphasized the advisability of this project in promoting good fellowship between farmers and businessmen in Schoolcraft county.

Walter Linderorth of Manistique has been appointed chairman of the committee to handle all arrangements. He will be assisted by A. J. Shinar and D. M. Cregar.

## Heart Attack Fatal To Alexander Durno, Of Elberta, Mich.

Alexander F. Durno, a former resident of Manistique, a brother of Mrs. Charlotte Pawley of Manistique, died of a heart attack at 9:25 p. m., Tuesday, Sept. 14 in Elberta, Mich., where he was working on carteries.

Durno was born Nov. 5, 1888 in Milton, Ont., Can. Surviving are his wife, Mrs. Pauline Durno; a son Douglas of Elberta; two daughters, Mrs. Pauline Elser of Gulliver and Mrs. Bernice Gilbert of Elberta; a brother, William of Gulliver; and a sister, Mrs. Albert Pawley of Manistique.

## School Enrollment In 'Stique at 1195

Enrollment in the Manistique public schools this year is 1195, it was announced today by Superintendent A. F. Hall. Last year 1130 pupils were enrolled in the public schools of the city.

There are 386 pupils in the Manistique grade schools this year, an increase of 35 over last year's enrollment. An extra room in the Lakeside school has been utilized to handle the influx of pupils, and Mrs. Neil Reese has been engaged to teach there.

High school enrollment is now 475 and junior high school enrollment figures list 133 pupils. An increase of 30 pupils in the junior and senior high school is noted this year.

The high school plant in Manistique was designed to accommodate 300 pupils, but through maximum utilization of space, all students are amply provided for.

There are 136 freshmen in the school; 128 sophomores; 106 juniors; and 102 seniors. Three past graduate boys are enrolled for study.

## City Briefs

George (Bat) Richards and daughter, Edith, of Seattle, Wash., are visiting here at the home of Mr. and Mrs. James Howland, River street. Mr. Richards is a former resident of Manistique, and this is his first visit here for thirty-two years.

Mr. and Mrs. Frank Blue left today to return to their home in White Pigeon, Mich., after spending a few days vacationing in Manistique. While here they visited with John I. Bellaire, who attended school in White Pigeon with Mr. Blue. It has been 55 years since the men saw each other.

Durno came to the United States from Canada when he was 12 years old and as a young man went to Wallace, Idaho where he was employed in the mines. Rialto Bldg.Nahma PTA Holds  
Its First Meeting

Nahma, Mich.—The first meeting of the Parent Teachers Association was held at the F. W. Good school on Tuesday. A good number of parents attended and over 30 people are already members of the local unit. It is hoped that all parents will attend the meetings which are held at the school on the second Tuesday of each month. Teachers are at the meetings so parents may discuss with them any problems concerning the children.

Mrs. Kenneth Lavigne was appointed lunch committee chairman in place of Mrs. Henry Gouin who resigned. Another resignation which was accepted was that of the treasurer, Mrs. Howard Olmsted. Mrs. Marshall Beauchamp was elected treasurer for this year. Mr. Llewellyn Bramer was appointed finance chairman.

Announcement was made by the president, Mr. Vinette that there will be a teachers reception at the school on September 23. This reception is sponsored by the Nahma Township School Board. There will be entertainment and refreshments. Everyone is extended a cordial invitation.

The first project the local unit will work toward is raising funds to help purchase equipment for the school kitchen. Several money making projects will be put on during the school year, the first of which will be the wood project which will get under way next week and finished at the regular meeting in October. Chairman of this project is Mrs. Henry Sargent and the volunteer workers are: Mrs. Clarence Menary, Mrs. Frank Sefcik, Mrs. A. B. Bernier, Mrs. Reimold Hebert, Mrs. William Mercier and William Vinette.

After the business meeting two movies on health and better eating for school children were shown by Mr. Bramer.

A social hour of cards followed with prizes won by the following: Bridge, Mrs. Dorothy Boyle; 500, Mrs. Adrian Hebert and Cribbage, William Vinette.

Lunch was served by the executive committee in the school dining hall.

COURSE AGAINFive Numbers Booked:  
1st Next Thursday

A series of five entertainment features have been booked for this year's lyceum course to be offered at Gladstone high school.

Adults are invited to attend all of the numbers, although only one will be an evening presentation.

The first is the Lilliput revue entitled "Puppets on Parade" and is presented by Barbara and Ross Coleman, whose expert showmanship has delighted audiences from coast to coast. This will be put on next Thursday, Sept. 3, at 2:30 in the high school gymnasium.

The second is scheduled for Nov. 4 at 2:45 o'clock and is George DeMott, a juggler, in a program of unusual skill, dexterity and loads of comedy.

The Mississippians, Jubilee Singers of note will appear under the direction of Thomas J. Pruitt, will appear here on Monday, Dec. 13, at 9 o'clock.

The Cavalcade of Song is scheduled for the evening of Wednesday, Jan. 19, at 8 o'clock in the gymnasium and musical gems of this century and a half of music are presented in a program designed for listening pleasure.

Roy Mayer, presenting magic that is pleasingly and refreshingly different is the final number and scheduled for Thursday, May 5, at 11 o'clock.

combating juvenile delinquency. Children under 17 are barred from the streets between midnight and 6 a. m. unless accompanied by adults. Fines or jail sentences face parents whose children are arrested.

## In Memoriam

In loving memory of our dear husband, dad and grandfather, Henry Cole, who passed away one year ago today, Friday September 17, 1947.

The blow was great, the shock severe, We did not know the end was near, And only those who have lost, can tell The pain of parting without farewell. The dearest husband and sweetest dad, One of the best whom God could lend.

Loving, gentle, thoughtful and true, Always willing a kind act to do.

Sadly missed by his wife, children and grandchildren.

Girl Scout Troop  
Elects New Staff

A planning session and election of officers featured the opening meeting of Troop 1 at the Kindergarten Tuesday.

Rosemary Willis was named president; Janet Sinclair vice president; Mary Mathison secretary and Nancy Sabourin treasurer. Patrol leaders will be named at the next meeting.

Among things planned by the troop was a nature hike upon which the girls will gather items for camp centerpieces to be taken on Tuesday, Sept. 21, under the guidance of Mrs. Ray Gazlay. The girls will meet at the kindergarten at 3:45 o'clock and each will bring a snack lunch.

Troop 1 is sponsored by the Rotary club and led by Mrs. E. A. D'Amour and Mrs. Ray Gazlay.

## Joltin' Joe Smashes Out 300th Homer

His 36th Of Year; Tiges, Yankees Split

Detroit, Sept. 17 (AP)—Joe DiMaggio, siege gun center fielder of the New York Yankees, may not be able to slug the Yanks home in front of the raging Boston Red Sox but the Yankee clipper already has cemented a notable personal achievement for his 1948 efforts.

Joltin' Joe, belting the ball at a long range clip second only to his banner sophomore season in 1937, today celebrated his entry into the exclusive "300 Homer" club, an elite group of present and former slugging stars who belted 300 home runs in the major leagues.

DiMaggio riddled his 36th homer of the current season into the upper deck in Briggs Stadium's left field stands yesterday as the Yankees were dividing a twin bill with the Detroit Tigers. It was his 300th home run in 10 years with the Yanks.

**Select Group**  
The blow, off Freddie Hutchinson, didn't prevent the Yankees from losing the opener 2 to 1, but it propelled Joe into some mighty select company.

In baseball's long history only eight other players belted 300 homers before hanging up their spikes. Four of them, like Joe, were American leaguers.

Kingpin of them all, of course, was Babe Ruth, who slammed 714 in his 22 years in the big time. Jimmy Foxx rang the bell for 527 homers in 19 seasons, Mel Ott has 511 for 21 years and Lou Gehrig, another of DiMaggio's illustrious Yankee predecessors, hit 494 in his 17 campaigns.

Completing the list are Hank Greenberg (331), Rogers Hornsby (302), Chuck Klein (300) and DiMaggio (300).

With the current Yankee Bomber on his hottest homer rampage since he led the league in 1937 with 46 circuit smashes, DiMaggio is virtually certain to climb ahead of Hornsby and Klein into sixth place among the all-time greats by the time the Yanks play out their remaining 15 games.

DiMaggio's homer didn't keep Hutchinson from throwing a four-hitter at the Yanks to take his 12th victory of the season in the first half of the doubleheader yesterday, 2 to 1. His single in the second game was just one of a dozen licks the Yanks used coming from behind twice to salvage the nightcap 8 to 4.

Hutchinson outpitched the Yankee ace, Vic Raschi, who was trying for his 19th victory and instead wound up with his seventh defeat.

A ninth inning double by Jimmy Outlaw, over the head of drawn-in Tommy Henrich in left field, settled the issue, breaking a 1-all tie.

Pat Mullin, who singled to open the ninth, reached second on Hoot Evers' sacrifice and scored easily on Outlaw's blow.

DiMaggio's homer had given the Yanks a 1-0 lead in the fourth but the Tigers tied it up in the sixth on singles by Johnny Lipon and Eddie Mayo and a long fly by Vic Wertz.

The Detroit victory snapped a four-game Yankee winning streak.

## Gladstone Braves Seek First Win At Munising; Beaudry Out Of Lineup

Gladstone, Sept. 17 — Gladstone's hopes for victory over Munising Saturday afternoon in their annual gridiron encounter at Munising were dimmed somewhat this week by the loss of Bob Beaudry, veteran tackle and the only experienced lineman on the eleven. Beaudry tore ligaments in a shoulder and was advised by his physician to withdraw from athletics.

The loss has forced Coach Eldon Keil to replace Beaudry with

## H. Carley Tops Cooks Hitters With .525 Season Bat Average

Smashing out 31 hits in 59 times at bat and scoring 20 runs during the regular season, H. Carley led his Cooks teammates with a batting average of .525, it was announced this morning. Cooks won the Bay de Noc Baseball league championship for the second consecutive year.

The team batting average was .315. It averaged 12.7 hits and 10.6 runs per game, which provides ample evidence of why Cooks repeated as champion.

Three hitters were tied for second with .333 averages. They were Hartman, Swagart and L. Carley.

Individual batting averages follow:

Name	AB	R	H	Ave.
H. Carley	59	20	31	.525
Hartman	66	22	22	.333
Swagart	57	24	19	.333

## National Pro Loop Tees Off Tonight; Packers At Boston

New York, Sept. 17 (AP)—The National Football League opens its 29th season tonight in Boston, three weeks and 12 games after the first kickoff in the rival All-America Conference.

The initial attraction matches the Green Bay Packers against the Boston Yanks in Fenway Park with the Packers favored.

Green Bay newcomers include Jug Givard of Wisconsin, Perry Moss of Illinois, Jay Rhodemyre of Kentucky and Fred Provo of Washington. Rhodemyre, a center, is the only one listed to start.

New Yanks are Frank Muehlheuser of Colgate, Bob Davis of Georgia State, John Nolan of Penn State, Vaughn Mancha of Alabama and Jim Tyree of Oklahoma.

The National League won't get around to playing a full schedule until Oct. 3. Following tonight's contest the next game will be Wednesday night when Detroit visits Los Angeles.

The All-America Conference also has a game tonight. Cleveland's Champion Browns meet the revived Chicago Rockets in Soldier Field.

## East Meets West In U. S. Gal's Golf

Pebble Beach, Calif., Sept. 17 (AP)—The East and the West match strokes today in the semi-final round of the Women's Amateur golf championship of the United States.

Victors in a quarterfinal round that several surprises, one red-hot performance which turned cool and an upset to favored Dorothy Kirby, the lineup for today's 18-hole struggle was:

Beverly Hanson of Fargo, N. D., against Helen Sigel of Philadelphia, and Grace Lenczek of Newington, Conn., against Mrs. Jack Holmes of San Gabriel, Calif.

Northwestern and Boston University have replaced Dartmouth and Lafayette on this year's Syracuse football schedule.

## Red Devils Rugged Foe For Eskymos

They Boast Wins Over Calumet, Wakefield

The Escanaba high school Eskymos—24 strong—left by chartered bus at 9 this morning for Ironwood, where tonight they will tangle with the Red Devils in quest of their second victory of the season. The game will get underway at 9 Escanaba time and will be broadcast over WDBC, the Escanaba station, at the conclusion of the Green Bay Packers-Boston Yankee broadcast at approximately 9:30.

Ironing out weak spots uncovered in the Eskymos' 20-7 victory over Soo Blue Devils in the opener here last Saturday—Escanaba's 16th straight over Soo—and work on fundamentals have kept the local squad busy in preparation for its game with Ironwood tonight.

Blocking, tackling and pass defense have occupied most of the Eskymos' attention this week. Escanaba defeated Ironwood, 21-6, here last season, but as Coach George Ruwitch remarked yesterday—that was last season. This year, Ironwood is undefeated with wins over Wakefield and Calumet and is unscathed upon.

**They're Big and Tough**  
Some idea of just how big and tough Ironwood might be this season is the fact that Ironwood tipped Wakefield, 6-0, and the latter team a few days later whitewashed Houghton, 38-0.

And on their own field, they'll be twice as tough," Coach Ruwitch said. "We'll have to play headsup ball all the way to win this one."

Coach John Gallagher's Red Devils rolled up 17 first downs against Calumet, 15 of them by rushing, and uncorked a clever little back by the name of Jim Arasim, who scored two Red Devil touchdowns against Calumet. The latter was reputed to be one of the top teams in the U. P. this season.

The Eskymos came through their conquest over Soo without injury, and Coach Ruwitch said he contemplated no change in the starting lineup. That would put Gary Abrahamson at left end, Warren Gustafson at left tackle, Dick Barron at left guard, Dick Johnson at center, Jim Chapekis at right guard, Jim Erickson at right tackle and Gerald Dufour at right end. The starting backfield will be Dick Pryal, Don Carlson, Herb Nicholson and Howard Peron.

The second string backfield consists of Dick Danielson, quarterback; Bill Hamm, left half; Pat Farrell, right half, and John Beaumier, fullback. The secondary line is composed of Jim Prokos and Axel Anderson, ends; Jack Slapp and Alf Nelson, tackles; Tom Nault, center, and Matt Smith and Gilbert Kangas, guards.

Dave Johnson, guard, and Gilbert Prevost, who alternates in the first string backfield, also made the jaunt to Ironwood. The squad was accompanied by Gordon Packard, student manager.

are invited to attend. Team managers may procure tickets at the recreation center. An entertainment program has been arranged.

**PATTERN PICTURE**—Alice Bauer, 20, pulled the biggest early surprise of the Women's Western Amateur Golf Championship over the San Francisco Olympic Club course by eliminating co-medalist Mrs. Jackie Pung, Honolulu, one up. Marlene Bauer, 14, turned back Barbara Ransom, former Northern California titleholder. Marlene will be in the ninth grade this term. The sisters are from Long Beach, Calif.

## Highland Club Is Host To Tri-Club Golf Meet

The luck of the draw pits Elmer Swanson, Jr., defending champion, against Harry Hogan, Upper Peninsula Open champion, in the first round of the annual Tri-Club (Delta county championship) Golf tournament to get underway tomorrow at the Highland Golf club.

It also pits Don Feller, 1946 and 1947 U. P. amateur champion, against Tony Cass, a formidable contender, in a first round match in the lower bracket of the championship flight of 16.

Sixty golfers are entered in the annual tourney for members of the Gladstone Golf club and Highland and Escanaba clubs of this city. First round matches will be played tomorrow afternoon and second round matches will be played Sunday morning. In the championship flight only, semi-finals will be played Sunday afternoon, and the 18-hole title finals will be played Sunday afternoon, Sept. 25.

Pairings follow:

**Championship Flight**  
Elmer Swanson vs. Harry Hogan, John Taggart vs. Charles Green, Jr., Vial Smith vs. Bob Sjoberg, Dick Harris vs. Joe Poffenberger, Don Feller vs. Tony Cass, Jim Douglas vs. Wendell Green, Ron Hirn vs. Gus Dehlin, Ed Anderson vs. Jim Ward.

**First Flight**  
Barney Barnhart vs. Leo Vinge, Jim Fitzharris vs. Fran Boyce, Vern Kolb vs. Ed Gravelle, Walter VandeWeghe vs. Dale Jackson.

**Second Flight**  
Pat McPherson vs. A. Forrest, Elmer Bessonen vs. Hilmer Johnson, Stan Ostman vs. Gerald Harris, H. Bjork vs. Art Jensen.

**Third Flight**  
Harry Needham vs. Dr. Ed Hirn, Roy Starrin vs. Harry Ehnerd, Chuck Johnston vs. John Boyle, Tom Wilkinson vs. Art Goulaas.

**Fourth Flight**

AFRAID OF JOB!

**KEEPING YOU AWAKE NIGHTS ?**

"Bill-itis" is that serious mental trouble most of us develop when we're struggling to pay a lot of overdue bills.

Are you paying a dollar or two "on account" here and there in an attempt to satisfy numerous creditors, yet not satisfying any of them?

Quit struggling—rid yourself of "bill-itis." Come here—tell us all—we'll help you work out a refinancing program that will put you on your feet again, restore your credit.

In plain, everyday English, we lend money for getting rid of old debts—do it quietly and courteously—at reasonable cost—and only ask for security the things that nearly every person or family possesses.

It doesn't cost a cent to talk it over in the privacy of our office.

## Pore Little Browns Bite Hand That Fed Them—Beat Bosox

By Jack Hand

Those pore little St. Louis Browns who sold their stars to Boston for some \$375,000, are biting the hand that fed them.

Last night's nibble, a 3-1 Red Sox loss, reduced Boston's American league lead to one game over New York. It also provided Bill Dewitt with more marketing material.

No sooner had the Browns' General Manager, Dewitt, announced the re-hiring of Manager Zack Taylor for another season, than the sixth-place Browns started chewing on the faltering Red Sox.

A lean willowy geyt by the name of Cliff Fannin did the most damage.

Fannin was just another 6-won-8-lost also ran at St. Louis last year. When the Sox came shopping with about \$375,000 they didn't buy him.

**Tribe Closes Gap**

It may be that the Sox will blow the Browns off the field today and tomorrow and go on to that hectic all-Boston world series. If they continue to miss fire in the west and lose out, that defeat by Fannin will be one of the most important of the season.

Fannin shut out the Red Sox until the ninth when he ran into trouble.

Boston had the tying runs on first and second when Birdie Tebbets slammed a line drive above the head of Eddie Pellagrini, an ex-Red Sox. The shortstop jumped for the ball, juggled for a moment, and held on for the final out.

Rookie Don Lund and Whitey Platt hit homers off Mel Parnell whose six-game winning streak was broken by his first loss since July 31.

Cleveland took advantage of Boston's loss to close the gap between first and third place to 2 1/2 games. The Tribe handed Washington its 16th straight loss 6-3 on a five-run first inning that included a bases-loaded homer by Larry Doby, the Indians' brilliant Negro outfielder.

Boston, Philadelphia, Chicago and St. Louis were idle in the National and Philadelphia and Chicago were not scheduled in the American.

Joseph Lasnoski Of Schaffer Dies After Four Month Illness

Joseph Lasnoski, 80, well known farmer of the Schaffer community, died at 7 o'clock this morning at the family home. He had been ill for the past four months.

He was born in Warsaw Poland, March 18, 1868 and was married in Poland July 20, 1895. The following year he and his wife came to the United States and settled in Natrona, Pa. They moved to Schaffer in 1910 and lived there since that time.

He was a member of Sacred Heart parish.

Surviving are his wife, four daughters and three sons, Mrs. Joseph L. Gaudreault of Bark River, Mrs. Peter O'Donnell and Mrs. Robert Trotter of Escanaba, Mrs. Henry Lynagh, Gladstone, Alexander of Milliken, Colo., John of Escanaba, and Edmund of Schaffer; 21 grand children and four great grandchildren.

The body will be in state at the Boyle funeral home in Bark River Saturday at 10 a. m. and the rosary will be recited there at 8 p. m. Sunday. Services will be conducted by Rev. Wilfred Pelletier at 9:30 a. m. Monday at Sacred Heart church and burial will be at Sacred Heart cemetery.

Lake Huron Waves Sweep Woman To Death From Boat

Tawas City, Mich., Sept. 17 (P)—Mrs. May Fortune, 60, of Caseyville, Ill., was swept to her death by Lake Huron waves Thursday night less than a week after she escaped a similar fate.

Sgt. Frank Walker of the state police and chief boatman's mate Louis Holstad of the Coast Guard said Mrs. Fortune was knocked from a small fishing boat by a high wave and drowned despite a companion's attempt to save her.

She was fishing with Israel Hiken of Collinsville, Ill. The officers said he dived into the choppy lake a short distance off Tawas Point and tried vainly to save the woman.

On Sept. 10, the Coast Guard launched a search for the same couple when they encountered trouble on a fishing trip and were unreported for several hours. They made their way ashore safely, however.

Hiken, his wife and four children, and Mrs. Fortune were camping for several days at a state park here.

Death Takes Two Catholic Cardinals

Vatican City, Sept. 17 (P)—Raffaele Carlo Cardinal Rossi, 72, secretary of the consistorial congregation, died last night at Bassano del Grappa Veneto, in northern Italy, it was learned here today.

Rossi had been ailing for some time and suffered a heart attack in Rome several months ago.

News of his death reached the Vatican almost at the same time as that of the death of another prince of the church, Emanuele Cardinal Arce y Ochotorena, archbishop of Tarragona, Spain, who died yesterday.

The two deaths reduced to 57 the number of cardinals — 13 below the full quota of the sacred college.

Western Allies Cut Off Flow Of Goods Into Russian Zone

By RICHARD K. O'MALLEY  
Berlin, Sept. 17 (P)—The Western Allies tightened their counter-blockade of the Russian zone today to shut off the last flow of goods from Western Germany to the east.

Patrols were increased at crossing points along the length of Bizonia's frontier with the Soviet zone to halt any east-bound freight on the highways.

Meanwhile, German Communist leaders assailed the planners of a Western German government to be set up by Soviet troops prowled Berlin's sector borders. Several vehicles made quick sallies into American territory.

Leaders of Germany's Communist-controlled Socialist Unity party loosed a blast at Western Germany's constitutional convention at Bonn and branded it a plan to disrupt Germany.

The Allied counter-blockade was imposed late in June as reprisal for the Russians' sealing the roads to Berlin. It stopped rail and highway freight movement to the Soviet zone from Western Germany, cutting off vital Ruhr and steel supplies to the Russians.

Since then, however, Germans on both sides of the interzonal borders have developed leaks and restored varying amounts of local trade. Frequently subterfuge and trickery have been employed to get cargoes past border controls.

The Western counter-blockade has pinched sharply the economy of the Soviet zone.

To keep the embargo lid on tightly as long as the Russians maintain their Berlin blockade, the Western Powers are plugging border leaks.

At Helmsdorf, major control point between the British and Soviet zones district, police were increased by 100, and police at the highway points were boosted from eight to 24. The amplified guard forces have been given strict orders to stop any shipments of goods eastward.

Mrs. Mary Arrowood Dies In Manistique

Manistique, Mich. — Mrs. Mary M. Arrowood, Manistique township, died today at 1 a. m. at her home. She was born Jan. 5, 1874 in Phillips Station, Pa. She had lived the greater part of her life in Manistique and Schoolcraft county, coming here from Pennsylvania at the age of seven.

Mrs. Arrowood, formerly Mary Witter, married Robert Arrowood on June 5, 1895. He preceded her in death 13 years ago.

She was a member of the Presbyterian church and the Ladies' Aid society.

Surviving are two sons, Charles and Robert of Manistique; six daughters, Mrs. Alice Melbey, St. Paul; Mrs. Ruth Schultzy, Hermansville; Mrs. Grace Yokum, Milwaukee; Mrs. Elizabeth Ramthorn, Milwaukee; Mrs. Sue Dahlvik, Escanaba; Mrs. Esther Powell, Manistique; and 26 grandchildren.

Funeral services will be held at the Morton funeral home Monday at two p. m., Rev. Paul Sobel of the Presbyterian church officiating. Burial will be made in Fairview cemetery.

Pay Raise Granted Telephone Workers Ends Strike Threat

New York, Sept. 17 (P)—Some 25,000 telephone workers who had been poised for a strike this morning were told to stay on the job after a settlement was reached giving them an average pay raise of about \$4.40 weekly.

The strike would have affected telephone service in most of the nation.

The agreement came yesterday on the eve of the strike deadline after four months of negotiations between the CIO American Communication Equipment Workers and the Western Electric Company.

Western Electric is a manufacturing subsidiary of the American Telephone and Telegraph Co. The employees make, install and maintain central office telephone equipment.

Herbie Flam Giant Killer In National Tennis Tournament

Forest Hills, N. Y., Sept. 17 (P)—Herbie Flam, a 19-year-old collegian from Beverly Hills, Calif. has established himself as the giant killer of the National tennis championships.

Ranked no. better than 20th man in the nation's amateur and unseeded here, the former junior champion was firmly entrenched in the semifinals today.

Flam's victims have included such accomplished as Harry Hines the National Intercollegiate champion from San Bernardino, California; Mollay of Miami, Fla., co-holder of the U. S. doubles title, and Argentine's Enrique Mares, one of the seeded foreigners in the meet.

Latest to feel the effects of Flam's steady attack was Hines who succumbed yesterday 2-6, 6-1, 6-0.

Flam's semifinal opponent will be Bill Sturges of South Africa, who defeated Red Cabell of San Antonio 6-2, 6-6, 6-6, 5-7, 6-3.

The other semifinal opponents were to be determined today with tomorrow's Round Robin of Los Angeles meeting Danahy Gonzalez, also of Los Angeles, and Bob Falkenburg of Hollywood taking on Jaroslav Drobný, the Czech Davis Cup ace.

Delta Republicans To Meet On Monday

Republicans of Delta county will meet in convention at 7:30 p. m. Monday, Sept. 20, in the court house in Escanaba. It was announced today by Harlan Yelland, chairman of the county Republican committee.

The convention will elect eight delegates and eight alternates to attend the Republican state convention to be held in Detroit on Saturday, Sept. 25. The adoption of resolutions and other business is also scheduled.

The state convention will nominate candidates for secretary of state, state treasurer, auditor general, and attorney general.

Chairman Yelland also announced that for business reasons he requests that his name not be considered by county Republicans in their selection of a chairman for the ensuing year. He said he would continue to serve the party but could not continue as chairman.

Other members of the Delta county Republican committee are as follows:

Art Jensen, secretary; Joseph Sturgeon, treasurer; Mrs. C. W. Traverse and Mrs. Belle Wilson, vice chairmen; and Elmer St. Martin.

Charlevoix Burns Sneezy Rayweed

Charlevoix, Sept. 17 (P)—Four hundred bags of rayweed, approximately one and a half tons of the stuff, was burned here last night to climax a week-long, city-wide campaign to aid hay fever victims.

A total of \$100 in prizes was offered by the city council to a small army of youngsters who conducted a systematic uprooting of rayweed in every city block under direction of the Junior Chamber of Commerce.

The 100-pound bags of weeds were piled on a vacant lot and burned to light a high school football rally last night.

The anti-rayweed campaign was undertaken despite Charlevoix's boast of one of the lowest pollen counts in the Lower Peninsula.

Santa Claus Stock Destroyed By Fire

Richmond, Mich., Sept. 17 (P)—A \$75,000 fire early today destroyed 10,000 toy trucks and automobiles ready for shipment to Santa Claus for Christmas delivery.

Two firemen suffered minor injuries in fighting the blaze in the two-story Richmond Manufacturing Co.

Owners of the toy firm set their loss at \$50,000 and damage to the building totaled an additional \$25,000, according to its owner. The fire broke out in a paint shop. The cause was not determined.

Hose lines were laid across the Grand Trunk Western Railroad tracks, delaying traffic for several hours. Firemen from Richmond and St. Clair fought the flames.

California Trucker With Two Families Not Up For Bigamy

San Bernardino, Calif., Sept. 17 (P)—William B. Bonstein, 35, faces trial on failure to provide and adultery charges, but not on bigamy, in the mix-up involving two families only 20 miles apart.

Bonstein, Covina trucker, pleaded innocent at his arraignment in justice court here yesterday. A suspicion of bigamy booking was dropped when Sybil Payne, 27, of Upland admitted she and Bonstein never were married, police chief Eugene L. Mueller said.

Bonstein's arrest followed her complaint that he had failed to provide for her and her three children.

The trucker and his wife, Bernice, 37, also mother of three, embraced in court after his arraignment.

Chief Mueller alleges that Bonstein was a regular commuter between his family in Covina and Upland.

Bomb Stick Injures 33 At Eglin Field

Eglin Field, Fla., Sept. 17 (P)—A stick of bombs which fell from a B-29 yesterday injured 33 Army infantymen — a white captain and 32 Negro enlisted men.

The troops were taking part in a fire power rehearsal when the accident occurred, airtroffic officers reported. They were members of the 505th Airborne regiment and the 75th heavy tank battalion from Fort Bragg, N. C.

Twelve of the men were hurt severely. All suffered lacerations, bruises, and shock.

Maj. Gen. William D. Old, Ninth Air Force commander, said investigators would seek the cause of the accident.

Sgt. Sindt Leaves Army; Is Theatre Manager In Rock

Chanute Air Force Base, Chanute Field, Ill.—In air force slangology a "homesteader" is one that remains on a station for several "hitches" . . . Chanute Air Force Base has lost one of its oldest "homesteaders" in the person of Technical Sgt. Albert J. Sindt who has left the service to become a theatre manager in Rock, Mich.

Sgt. Sindt had become more or less a fixture around the base and has worked in the Public Information office, or public relations as it was called in the "old days," for nine years. Sindt was in the original group at the time of the organization of this section. Since that time, he has worked with the PIO office and the base newspaper, "Wings". During his time, some 130 people have come and gone through the two offices.

He has written an estimated two million words about Chanute AF Base, that have appeared in newspapers, magazines, and other publications.

He gained the necessary knowledge for his new civilian career as a projectionist for over four years in the base theatres in his off-duty hours.

Personnel will no doubt miss his column "Now I'll Tell One" which has appeared in the base newspaper for years. This column was a satire feature on current service conditions with "old army" background.

Sgt. Sindt came into the service at Montevideo, Minn., in 1937 and was immediately sent to Ft. Snelling, Minn., where he served three

Crystal Falls Will Stay On Fast Time

Crystal Falls—Because of the critical water shortage at the municipal light plant in Crystal Falls and an appeal by the Wisconsin Michigan Power company to large consumers to cut down on electricity, the board of supervisors voted unanimously yesterday to extend daylight saving time for an indefinite period.

The clocks in the county were to be turned back an hour on Sept. 26, but the board action means the county will remain on daylight saving until the power situation improves.

Crippled Woman, 59, Kills Brother In Fight With Hatchet

Greenwood, Del., Sept. 17 (P)—Mrs. Bessie Weaver, 59, is under treatment at Milford Memorial hospital today after state police said she told them she killed her 63-year-old brother in self defense during a struggle over a hatchet.

State police said Mrs. Weaver, who is crippled, told them her brother, George W. Francis, came into her bedroom yesterday and struck her with the hatchet while she was still in bed.

Mrs. Weaver, who formerly was employed as a stenographer, was quoted by state police as saying she finally wrested the hatchet from him and struck back until he collapsed with head wounds.

State police said Francis was found dead on the chicken farm where he and his sister lived. Mrs. Weaver was discovered on the front steps unconscious from scalp wounds and shock.

years in the Third Infantry. Following that hitch, he came to Chanute.

College Football Lid Opens Just A Little

New York, Sept. 17 (P)—The lid lifts just a crack on the college football season this weekend. Popping out are the first games of three major conferences, a pair of intersectional affairs, and a good southern scrap.

The Rose Bowl Trojans of the University of Southern California entertain the University of Utah at Los Angeles tonight. Tomorrow the Pacific Coast conference opens with Oregon State at U. C. L. A. and Idaho at Oregon State. Santa Clara will be at California and San Jose State at Stanford in other Saturday games.

The intersectional clashes pit Texas A. & M. against Villanova at Philadelphia and Texas Christian at Kansas tomorrow.

The University of Texas' Sugar Bowl champions will open at home tomorrow against Louisiana State.

Stephenson Bows To Lourdes, 28-0

Marinette, Sept. 17 — Marinette's Our Lady of Lourdes opened its 1948 football season with a sparkling 28-0 victory over Stephenson here last night.

The game indicated that Lourdes will be tough to beat this season. They displayed a hard-fighting fast team and a varied attack that caused the Stephenson Eagles plenty of trouble. Time and again, Lourdes progressed with ease off tackle and on reverses, and in the last half it uncoiled a passing attack that clicked consistently.

Lourdes led, 14-0, at halftime. It used a single wing formation with no one in motion.
